

An Italian week

On Sunday evening, I arrived at the train station and I lost my school bag.

On Monday morning, we went to school for the presentation of Rovigo, Padova and Portugal.

On Monday evening we played kick boxing.

Then we went to visit the City hall and the Chamber of Commerce.

On Tuesday we went to Padua and we saw lots of important monuments and the exhibition of Galileo Galilei.

On Wednesday, we had a workshop of robotics; I like this subject, but I think it is a little difficult.

In the afternoon, we went to Censer to visit the T2i incubator and the Pop lab. I liked it.

On Thursday, snow was the protagonist...

...and we went to Venice!

I like going to Venice! It is really beautiful.

On Friday we
made a snowman!

LAST NIGHT

Eu adorei conhecer a Anna e a sua familia e partilhar com ela esta semana em Italia, tambem gostei de conhecer todos os seus amigos e os seus dias de aulas

Mi sono divertita moltissimo con Francisca! E' una ragazza molto simpatica e mi piace stare con lei! Spero di continuare la nostra amicizia e di divertirmi un sacco in Portogallo con lei e le sue amiche!
